

Handwaver 30cm x 20cm

Setting up your artwork.

Layout -

When setting up your artwork please ensure that all text and logos are inside the white key line (Safe Area Layer) on the template, any background colour should extend to the outer edge of the grey background (Bleed) on the template.

Text & Images -

Please ensure that when saving files, all text is outlined and any images are embedded. Any images need to meet certain DPI sizes to ensure a good quality print. Images need to be a minimum of 75 dpi at print size.

File Formats -

All final artwork should be cmyk and preferred file format is print ready PDF file, but artwork can be supplied as ai files.
